- 13:00>14:30 *Lunch*
Location: ESAP, Porto: Largo de S. Domingos, 80 / 6T

¹ In short: a “Worldcafé” is a collaborative activity. During each session, there will be 2 tables, each chaired by one PI responsible for the Work Package. Groups of 6/10 people discuss the WP, and confront their ideas but also practical difficulties related to their case studies during the session. The session may be divided in two shorter sessions, during which people may want to change table and discuss with other persons. Table hosts should take notes of the discussions, and report to a plenary session at the end of the day.

Friday May 26th 2017

AFTERNOON SESSION: World Café II

Location: ESAP, Porto: Largo de S. Domingos, 80 / 5F
